pragnyan -2018

Skill Enhancement Training Program
(Aptitude, Soft Skills & Verbal)

(February - May, 2018)

at

**Adichunchanagiri Institute of Technology (AIT),
Chikmagalur.**

In collaboration with

Dept. of HRD

BGS Group of Technical Institutions (BGS-GTI)

Submitted By

ZESTECH
INNOVATION, GROWTH & VALUES

3.2	Modules Covered for 6 th Semester	9
3.3	Module Description for 4 th Semester - Quantitative Aptitude	10
3.4	Module Description for 6 th Semester - Quantitative Aptitude	11
3.5	Module Description for 4 th Semester - Verbal	12
3.6	Module Description for 6 th Semester - Verbal	12
3.7	Module Description for 4 th Semester - Soft Skills	14
3.8	Module Description for 6 th Semester - Soft Skills	15
3.9	Module Completion Report - 4 th Semester	18
4	Module Completion Report - 6 th Semester	19
4.1	Module Completion Report - Semester Analysis	20
5	Attendance Analysis	22
5.1	Overall Attendance Analysis -6 th Semester	23
5.2	Student Attendance Percentage -Analysis - 6 th Semester	24
5.3	Overall Attendance Analysis -4 th Semester	26
5.4	Student Attendance Percentage -Analysis - 4 th Semester	27
6	Evaluations – Student Performance Tracking	30
6.1	Session Wise Evaluations- Average Scores - 4 th Semester	31
6.2	Session Wise Evaluations- Average Scores - 6 th Semester	32
7	Feedback Analysis	35
8	Difficulties faced by Students	37
9	Issues faced by Trainers	37
10	ZESTECH Initiatives	37
11	Parent Interaction – A Dynamic Initiative and Star Performers	39
12	Action plan for upcoming semester	42
13	Responsibilities of Trainers	42
14	Pre and Post training analysis	43

15	Students Feedback towards training	44
16	Summary	44

ACKNOWLEDGEMENT

We are very enchanted and enraptured to thank everyone who made his/her Contributions in their different ways has made this possible. Sincere gratitude is hereby extended to the following people who never ceased in helping **PRAGNYAN-2018** to get accomplished successfully in helping the students of **AIT** this year. Thanks to God for the wisdom and perseverance that has gotten bestowed upon us during **our presence in the PRAGNYAN program**. We do believe that “**Industry never goes unfruitful,**” Thanks to all those who helped us achieve this.

We would like to profoundly thank **Sri Sri Sri Nirmalanandanatha Maha Swamiji**, President of *Adichunchanagiri Sikshana Trust* for giving us this opportunity to work with AIT and extend a platform to ensure transformation of students in terms of skill and overall personal.

The support, guidance, advice as well as pain-staking effort by the **Training & Placement Department, AIT** Manager - HR is greatly appreciated. Indeed, without his guidance, we would not be able to put this together. Thank you so much.

We would like to express our gratitude to **Dr.C.T. Jayadeva** ,Principal, **AIT** for his useful comments, remarks and engagement throughout the process of PRAGNYAN Training Program.

We would like to express our sincere thanks to **Dr. Anandraju M B** ,Director -HRD, **AIT** for his useful comments, remarks and engagement throughout the process of PRAGNYAN Training Program.

Furthermore, we would like to express our gratitude to all the HODs for their support during our training programs.

Special heartfelt thanks to **Mrs. Veena Basavraj**, Director - Finance, **ZESTECH** for their constant wholehearted support, guidance and inspiration throughout the training period both by keeping it harmonious and help putting pieces together. We will be grateful forever for your commitment, dedication and devotion.

We would like to thank all the team members **Ms. Lilly John** (*HR & Operations*), **Mr. Sai Kumar** (*Lead- L&D Product and Process*) and **Mr. Vinod Kumar** (*Process Manager*) for the efforts they have put in during the training period is greatly appreciated.

We would like to thank all the IT team members led by **Mr. Sunny Jaiswal** and **Mr. Palwesh Sahu** for the efforts they have put in during the training period (**Online Support**) is greatly appreciated.

Last but not the least, we at ZESTECH also extend our gratitude to the students who were cordially supportive till the end of the **PRAGNYAN** training program.

PREFACE

In order to understand what it means to be industry ready during college days, students must develop and learn both a foundation of placement ready subjects and an understanding of the key elements critical to achieving success. **PRAGNYAN'18** Training report provides a framework for understanding necessary elements that happened during the period of **12 Weeks** in a way that emphasizes the uniqueness of each improvement area & improved area within the institution for the students. Successful student enhancement in developing the needed skills starts with strong relationships. This report emphasizes the necessary skills in building and maintaining professional growth during the course of studies. It is fundamental to achieve what is required. This exhaustive report gives a complete idea of where the students of **AIT** must improve and more specifically defines the **Expected Vs Reality** ratio. When we look at the dynamics of students and learning ability, it is easy to see why it can be a challenging topic to learn. Experience in understanding the importance is what students need, yet this takes time. Until they get this experience, it is up to the expert trainer to provide them with the conceptual foundation and introduce them to the skills necessary for understanding and implementing the same in their professional career. This report will help in understanding these training challenges.

The report is prepared keeping three main goals in mind

- ❖ **Accuracy:** This report is the result of three months of facilitating, researching, training group communication, student's interaction, HR managers' interaction and PRAGNYAN Process flow compliance. It is important to train our students' skills that are based in research from both the field of engineering and other related disciplines. This report places a clear emphasis on training skills first but also ensures that those skills are based on rigorous and current research.
- ❖ **Simulation of the Student experience:** To describe and explain students' skill development, this report uses realistic examples to help the reader get inside what PRAGNYAN Process is really like. The evaluation report establishes the need for rigorous student seriousness. Student feedback report about trainers gives a detailed view of how the trainers performed which was tracked session wise. The initiatives taken by ZESTECH emphasizes the love for student development.
- ❖ **A structured approach:** PRAGNYAN'19 – report defines student skill achievement in terms of five key elements that can be used to evaluate placement effectiveness.

These elements

1. Class size
2. Interdependence of classmates
3. Student identity based on attendance and evaluation,
4. Institution goals, and
5. Training Goals and Structure

This framework allows students to place new information and skills development into a larger context. . In this report, we will discover the unique dynamics PRAGNYAN Training process and execution, the essential skills that lead to success, and the roles, tasks, and processes that pave the way for effective cooperative work. By examining students from each of these viewpoints, we come to understand the dynamic capacity of each class and learn to treat each class as a unique learning opportunity. To be competent in the process, as this report emphasizes, students must learn to identify each class situation as unique, assess what skills are needed, and effectively apply the appropriate skills and procedures. In essence, the goal of this report is to provide a toolbox from which AIT can draw in any group situation—whether planning a function with a Professional club on campus or participating in a task-oriented group project in an academic context.

This report contains a number of features to enhance student learning:

- ❖ **Putting the Pieces Together boxes:** The five core elements identified previously in defining a class are used as a structure for evaluating group effectiveness.
- ❖ **Skills grounded in a solid research base:** The best advice for student skills enhancement is drawn from industry research and theory, which has identified the most effective processes and results for group interaction.

Thus the skills presented and suggested in the report are research based.

Armed with specific principles, procedures, and feedback techniques, AIT can make more informed choices about how to help their students. This report includes the training philosophy that was a foundation for PRAGNYAN, syllabus examples for the training course, methods of obtaining feedback from students about the course and their learning experiences and expectations.

1. INTRODUCTION

Training forms an integral part towards nurturing the overall persona of an aspiring professional. Generally, today's job market demands more than just knowledge and skills. Beyond these job-specific technical skills, analytical reasoning & soft skills are universally sought by employers. The challenge is to introduce a program which allows students to learn and capitalize their competencies.

As a matter of fact, the skill sets are going to be crucial for professionals working in a gamut of fields. These courses come in handy in honing up personal effectiveness as well as the innate leadership skills. These skills are more than a must in corporate setup. One of the most interesting facts of training is that it definitely makes your kin-aesthetic senses coupled with positive atoms. You get more confident in each dealing that you make in your particular field of work. You start making the waves and people start noticing the change in your persona.

The advantage that you gain out of this valuable training facility is that you start getting recognition's of being an indispensable as well as a valuable asset for the organization you are working for. Industry experts do give vent to the opinion that this types of training package does perk up the value in the market.

Our training programs do enhance one's competencies which enables them to get an opportunity to acquire aptitude, reasoning, fluency with leadership and team building skills to reach pinnacle level of performance and unleash their true potential.

PRAGNYAN, an intense, well researched, short term training signature program by ZESTECH for engineering students to enhance their skills sets towards placement requirements for the current industry standards. PRAGNYAN, eventually brings a sea change and enhancement in student behaviour and adjustments which ultimately caters to the need of man power demand in the market. Characteristics of PRAGNYAN content and delivery method are used to predict effect sizes and measures of Industry requirement mapping with students' externalizing behaviour. After controlling for differences attributable to research design, PRAGNYAN program components consistently associated with larger effects included increasing positive Trainer - Student interactions and communication skills, coaching students to use time out and the importance of placement consistency, and requiring students to practice new skills with their friends during PRAGNYAN training sessions. Program components consistently associated with smaller effects included teaching students problem solving; coaching students to promote cognitive, academic, or social skills; and providing other, additional services which helps candidates to come out as employable commandos. The results have implications for selection and strengthening of existing Placement Trend.

PRAGNYAN, is one of the signature programs by ZESTECH which matches with NASSCOM's current industry training curriculum which makes this program a-one stop solution for students joining Engineering in any field of their choice. Training is conducted for the I, II and III Year Students. As it follows a hierarchical, multilevel training methodology, PRAGNYAN re-mediate industry – Campus gaps successfully. Abstract Attention Process in the Program improves student coordination in accomplishing tasks and also develops trainer – student interaction.

The evaluation process helps ZESTECH to identify outcomes in a timely fashion. This helps the campus to tangibly visualize 'Need Vs Reality' and constantly improving training delivery methods to have the ratio to '1'. The assessments will also help in detecting changes that must be made to improve course design, content which dynamically improves the contribution to the overall effectiveness of PRAGNYAN. Assessments happens only a daily basis and for every sessions. Assessments along with student attendance will keep the institution on toes to understand the level of their students which also entitles the students to receive PRAGNYAN Certificate which validates the outcome. As, the Pre- assessment happens before the commencement of the program, the three other evaluations will give us a clear picture of where the student's position is after the training. Outcome based Training Model plays a vital role in giving the change that is needed.

Technology, favors PRAGNYAN a lot in having videos online for the sessions that students have learned. Videos and trainer interaction online, helps the candidate get in touch with experts constantly even after the training classes are over. Online evaluations will help in understanding students' responsibility factor which will in turn help students to get in touch with the trainers for doubts and clarifications. A powerful research team constantly working on industry requirements, helps to set the training and evaluations in a very vivid manner and constant check on Quality ensures the gaps are bridged.

During the process, star performers are identified extensively. These star performers are the ones who have performed excellently well in the sessions. These candidates' parents are contacted over the phone and giving them the good news about their wards. This, indeed improved students' motivation and was visually seen that the students started participating and performing exemplify well in the training sessions.

All said and Done, PRAGNYAN is a process to experience reality and engineering student must Savour it.

2. TRAINERS' PROFILE

ZESTECH has set in place an organizational structure that provides clear lines of control, responsibility and communication. In a business as diverse as ZESTECH, there are many different jobs. Its structure is concrete, so to help individuals within the business understand their roles and responsibilities, ZESTECH has a set of Business Principles that demonstrate its commitment to operating ethically and responsibly. This helps every contributor understand where his or her role contributes to overall performance and enables the whole workforce to work together to achieve the business' aims and objectives.

This structure gives contributors clear guidelines for how to proceed, how to take actions, how to accomplish any task. This majorly resolves disagreements among the departments. It not only resolves conflicts, ZESTECH's structure binds the contributors together in any mission that is undertaken. It eventually gives meaning to any contributor joining ZESTECH as well as to ZESTECH itself.

While the need for structure is clear, the best structure for a particular coalition is harder to determine. ZESTECH designed this best structure by keeping in mind who its contributors are. What the setting is and how far the organization has come in its development. ZESTECH lives with values and the main value comes from the strong contributors in key departments.

High-performing knowledge contributors of ZESTECH tend to be self-motivated by intrinsic factors, adding to the opportunity to ZESTECH directly motivate them. Moreover, the complex and exhaustive nature of their work and output limits the ability to directly measure productivity. Simply keeping knowledge contributors "satisfied" won't suffice. In order to retain and sustain high levels of engagement, ZESTECH came up with an explicit strategy and cannot rely upon historical sources of motivation. Traditional sources of motivation like pay, work conditions, and benefits are simply not enough. This was clearly understood in the very beginning of this structure.

ZESTECH is organized by its functions. And these functions are called departments, which plays a major role in the reality of what has been achieved all these years. A combination of all the departments of ZESTECH becomes a well-honed team of professionals with constant rigour of achievement and purpose. These departments are collectively responsible for the organizational growth.

Learning and Development: The core aim of the department is to support learning in its broadest sense, reinforce effectiveness and motivation through learning actions and systematically develop the knowledge, skills as well as behavioral and technical competencies of the students that ZESTECH trains. The ACE department which develops content by consulting the experts. Content research is made evasively to support training functionalists. The L&D team of experts more importantly work on identifying skills based gaps and develop training assignments accordingly. Expert rating on trainers happen in a timely fashion. This helps the Trainers in ZESTECH not to compromise on mediocrity. Highly acclaimed training programs were made in the L&D Lab which helps in making a gap free man power. The L&D team members need to deliver one time project at times or work on a project on an ongoing basis, either which ways the team is so dynamic that the task can be completed much less in time.

Learning and Development department of ZESTECH came up with the following four strategies that enabled training programs to align training goals with campus goals:

Aligning training goals with campus goals: Use a TNA (Training Needs Analysis) assessment process. This boils down to identify goals (performance outcomes for a campus), tasks, modules, course contents, trainers needed to achieve those goals and the knowledge, skills attitudes needed to perform those tasks. Define and prioritize the process and goals to determine which training program is most suitable and which has the most impact on performance.

Improve human performance: Determine the environmental and man-made barriers to training effectiveness and the rationale behind performance gaps. Fulfil the non-training gaps through thorough Analysis.

Select the right blend of delivery options: The training experts of ZESTCH, come up with various delivery options for a prescribed course. E-learning is the proven method to provide just-in-time training and accessible resources for performance update even after the training program is over. L&D department of ZESTECH is crucial in these aspects

Consider internal versus external options: External consultants or custom-built materials may be more cost-effective in the long run if employed early on in the training process that we have. Their expertise and insight can close a performance gap quicker than an internal or off-the-shelf-training solution.

Ms. Marissa Pinto - Practitioner – Soft-skills

She has been a Soft Skills trainer with 8+ years' experience in corporate and college training in Verbal and Soft skills. She has been successful to equip people with skills required to make them perform with a higher degree of confidence and excellence. She has a good flair in communication and has superb command on English. She possesses excellent communication skills that have been honed through interacting with people at various levels; inclusive of the Industry, Corporate Executives and Management Team

Mr. Deepak P N - Practitioner – Verbal

He has been a Verbal trainer with 4+ years' experience in corporate and college training in Verbal and Soft skills. He has been successful to equip people with skills required to make them perform with a higher degree of confidence and excellence. He has a good flair in communication and has superb command on English. His focus is inclined towards motivating and nurturing the student community to learn the basics of the English language, thereby helping them to gain self-confidence and also be able to successfully clear the Communication tests.

Mr. Manju Prasad - Associate Professional – Softskills

A real movie enthusiast and likes to play with numbers during his free time and professionally aims to implement innovative methods of training that aids the trainees to have a brighter career in their respective fields. Motivates and springs in ideas in young minds w.r.t real time analysis, analytical and reasoning skills. Trained over 5000+ students in various major institutes across south India, he developed his passion in Aptitude about a year now and constantly derives tricks to break complex problems into simple form in order to deliver it to the students. He constantly upgrades his knowledge by grasping new trends in the field of Quantitative ability.

Mr. Nithesh - Associate Professional – Aptitude

He has been involved in Aptitude training for more than 2 years with the intention of enhancing the productivity and performance of students in various level of education. He has worked in Tamil Nadu and Karnataka. He have been endowed with the ability to train over 3000+ candidates for 4000+ hours, with time management skills that enables them to explore various techniques by using unique ways that help in analysing and solving problems pertaining to requirements during the placement drives. He carries a high degree of analytical acumen which nicely compliments his exquisite grasp over numbers during any type of interventions. As numbers fascinated him, he enjoys a good command over development in test papers (online/offline). His strengths include solving Interpreted Data, Logical reasoning, Data sufficiency and Quantitative Aptitude, which he uses to mould students from the any stream to be intelligible to compete for better job opportunities.

Mr. Sreeraj- Associate Professional – Aptitude

He has been involved in Aptitude training for more than 3 years with the intention of enhancing the productivity and performance of students in various level of education. He enjoys a good command over development in test papers (online/offline). His strengths include solving Logical Reasoning and has excellent command over Algebra Syllogisms and various other competitive exams pattern like AMCAT and COCUBES.

3. TRAINING REPORT FOR AIT

ZESTECH always thrives at understanding Indian Industry requirement for every year and this puts us in the driving seat always when it comes to Learning and Development. Training related circumstance must be vivid and useful for the current trend, which can serve circumstance like real hiring. ZESTECH always strives in offering industry related module structure which caters to the need of current industry pattern in hiring. Consistent information standard and data form should be used in the learning system covering the national standards of recruitment. This model of preparing the module makes the independent data form into a concrete structure for training delivery.

Interface of industry trend and module structure is made simple by intensive research by the ZESTECH team of experts who function using a scientific structure and mechanism towards understanding the needs. Everywhere, system is simple to manipulate. However if the pattern of hiring and industry and global industry requirements changes, the Indian market gets into the mode of upgradation. And this is always visible in the module structure every year. Nowhere in the history of ZESTECH is the same content available for training delivery as well. Constant upgradation and learning towards the needs makes the structure of learning more prolific and helpful.

The evaluated research of the need, plays a major part in understanding the trend in the coming years as well. This helps ZESTECH to foresee the requirements and mend the learning content accordingly. Matching to the current technology trends, the evaluation of the learning also keeps transcending to the next level of excellence. All the more, these are the changes and challenges which keeps ZESTECH growing strong. ZESTECH's system of training module design is always Compatible, Expansible and flexible to meet the development of the training module and training itself.

System Structure

ZESTECH uses structure methods to develop the course content thereby developing students' ability in meeting the current demands. Structure means, the relation among comprising elements in the system. Structure method emphasizes the rationality of the module required for the current requirement and also puts forward some rules to increase rationality, such as resolvability of current challenge in getting hired, module independence and uniqueness. It also resolves the challenge of information concealment, as it is an indigenous effort by the team of experts. Such a structure of a learning system gives a clear idea of course arrangement and thereby delivering a world class training program.

Structure Management

To arrive at a structure, it takes a lot of effort to understand the gap in the campus to industry connect. Managing a structure for learning content for the current development of the students keeping in mind the future becomes a daunting task. The skill sets for the same profile and positions keep changing. Adaptability towards understanding the change becomes inevitable. Constant and consistent visit to the corporate sectors, made the task exciting and we understood that learning towards employability enhancement is never ending and perpetual. The industry based skill development modules are developed, tried and tested through various means before getting it on the floor. ZESTECH follows a strong protocol in constant upgradation of course content with respect to hiring standards and the strong structure management techniques help us to meet the demands as mentioned above.

The module structure is an organized set of research, content making, realization, evaluation and gap management. It is a combination of corporate interaction and ZESTECH's team of experts' module design. The content design will not be visible to the untrained observer, however they always give a powerful outcome to the present and affect all dimensions of unskilled workforce.

3.1. MODULES COVERED FOR 4th SEM ENGINEERING STUDENTS OF AIT

Count	Quantitative and Reasoning Aptitude	Verbal and Logical Aptitude
1	Blood relations	Everyday English - I
2	Direction	Everyday English - II
3	Ratio proportion and partnership	Everyday English - III
4	Data Sufficiency & Data Interpretation	

Count	SoftSkills
1	Team work
2	Time management
3	Book Review
4	Soft Skills Mela - Creativity - Engineer's choice
5	Tech Talk

3.2. MODULES COVERED FOR 6th SEM ENGINEERING STUDENTS OF AIT

Count	Quantitative and Reasoning Aptitude	Verbal and Logical Aptitude
1	Alligation and Mixture + Ratio and Proportion	E mail and Letter Writing
2	Permutation	Logical Reasoning and Verbal Ability
3	Combination	Reading Comprehension
4	Clocks	
5	Seating Arrangement	
6	Probability	

Count	SoftSkills
1	Decision making & Career guidance
2	Softskills mela
3	Tech Vocabulary

MODULES DESCRIPTION -4th SEMESTER

Quantitative Aptitude - Syllabus

Module name	Blood relations	Domain	Aptitude
Module Description	The module explains the logical reasoning of Blood relations . Blood relations is a vital module on improving your analytical skills for management's perspective and different family charts of an individual are taught in the class having different perspectives of the family tree and coded relations will be taught practically and the questions to be solved in an easier way would be taught to the students so that they can understand, formulate and solve it by relating the things.		
Module Objective	Blood relations define a simple idea from a complex situation which is why it has been made a part of the syllabus		
Module Outcome	Students will improve their defining abilities, logical reasoning skills and aptitude on critical reasoning with the help of Blood Relations.		
Reference books	1. "Logical Reasoning" by R.S. Aggarwal. 2. "Logical Reasoning for CAT" by Arun Sharma		
No of Hours	2 hours		

Module name	Directions	Domain	Aptitude
Module Description	The module explains the concepts on Direction Sense . It elaborates arrangement of people and objects based on their current position either in a linear or circular arrangement based on the given directions. Application of Pythagoras theorem with respect to directions will be dealt with the students wherein the basic idea to make a student familiar with major and coordinate directions.		
Module Objective	They should be able to solve problems by demonstrating their logical analysis of arrangement.		
Module Outcome	Students will skilfully predict the directions and objects based on the conditions offered in a question. They will apply deduction skills along with analytical skills by referring to conditions.		
Reference books	1. "Logical Reasoning" by R.S. Aggarwal. 2. "Logical Reasoning for CAT" by Arun Sharma		
No of Hours	2 hours		

Module name	Ratio, Proportion and Partnership	Domain	Aptitude
Module Description	The module Ratio, Proportion & Partnerships deals with the mechanisms of ratio and proportion. The module trains on concepts of Proportion with the help of ratios. The concept of Partnerships is also included and explained with its various types. There are many challenging questions along with basic concepts to improve aptitude to the students.		
Module Objective	Helping students to develop comparisons and analysis of various ratios. It also reinforces them to analyse the difference between mixed quantity and individual quantity. This module will support their aptitude in associating the quantities with their values.		
Module Outcome	The students will be able to compare the quantities and find the efficiency based on the questions. They will also be able to analyse the relationship of two separate quantities from the questions asked.		

Reference books	1. "Quantitative Aptitude" by R.S. Aggarwal. 2. "Quantitative Aptitude for CAT" by Arun Sharma.
No of Hours	2

Module name	Data Interpretation and Data Sufficiency	Domain	Reasoning Aptitude
Module Description	The fundamental module on which a student will learn the basics of data and the method of analyzing the data from the data structure and solve the questions based on the applications of all the mathematical modules and using all the concepts of Mathematics		
Module Objective	To equip students with logical techniques so that they arrive at a solution rather than using the standard method of formulation.		
Module Outcome	The student gains extensive knowledge on handling large data, breaking it down into simple form. This helps in solving bigger problems by making it into small segments.		
Reference books	1. "Quantitative Aptitude" by R.S. Aggarwal. 2. "Quantitative Aptitude for CAT" by Arun Sharma.		
No of Hours	2 hours		

MODULES DESCRIPTION -6th SEMESTER

Module name	Alligations and Mixtures	Domain	Aptitude
Module Description	The module deals with concepts from Mixtures & Alligations . The basics of mixtures which explains the various types in it are discussed along with calculating the ratio of two mixtures with same and different types is done. The common rules followed for the alligations are explained and sample problems are illustrated on it.		
Module Objective	The module aims at solving time consuming problems related to mixtures and alligations in competitive exams. Students learn to integrate two or more mixtures and deduce the value or quantity of the new mixture which is obtained.		
Module Outcome	The students will be able to crack the trickier questions from Mixtures and Alligations that consumes most of their time by intelligently interpreting the given data from the question and calculate the answers.		
Reference books	1. "Quantitative Aptitude" by R.S. Aggarwal. 2. "Quantitative Aptitude for CAT" by Arun Sharma.		
No of Hours	2		

Module name	Clocks	Domain	Reasoning Aptitude
Module Description	The module explains the concepts on Clocks . It elaborates the concepts of the angle between the hands of the clocks subject to the condition of learning the angle covered by hour hand and minute hand. It elaborates the distance travelled by both the hands of the clocks and the speed of both the hands and the time of coincidence between the respective times given without any mechanical instruments or the calculator with high accuracy.		
Module Objective	The students should understand the basic definitions and method of calculating the parameters related to clocks . They should be able to solve problems by demonstrating their logical analysis of arrangement.		
Module Outcome	Students will skilfully solve the conditions offered in a question. They will apply deduction skills along with analytical skills by referring to conditions.		

Reference books	1. "Logical Reasoning" by R.S.Aggarwal. 2. "Logical Reasoning for CAT" by Arun Sharma
No of Hours	2 hours

Module name	Permutations and Combinations	Domain	Quantitative Aptitude
Module Description	The module explains the concepts of arranging and selecting the things in the given order and the specified conditions and analytical methods of solving the problems about application of permutations and Combinations will be taught.		
Module Objective	They should be able to solve problems by demonstrating their logical analysis of Profit and Loss using logic.		
Module Outcome	Students will skilfully predict the directions and objects based on the conditions offered in a question. They will apply deduction skills along with analytical skills by referring to conditions.		
Reference books	1. "Quantum CAT" by Sarvesh K Varma. 2. "Quantitative Aptitude for CAT" by Arun Sharma. 3. "Objective Arithmetic" by Rajesh Varma		
No of Hours	2 hours		

Module name	Probability	Domain	Quantitative Aptitude
Module Description	The module explains the concepts on finding the definition of events. Problems based on coins, dices, cards and coloured marbles. Finding the defective items from a mixture of items is also done.		
Module Objective	They should be able to solve problems by demonstrating their logical analysis of Probability.		
Module Outcome	Students will skilfully predict the directions and objects based on the conditions offered in a question. They will apply deduction skills along with analytical skills by referring to conditions.		
Reference books	1. "Quantum CAT" by Sarvesh K Varma. 2. "Quantitative Aptitude for CAT" by Arun Sharma. 3. "Objective Arithmetic" by Rajesh Varma		
No of Hours	2 hours		

Module name	Seating Arrangements	Domain	Reasoning Aptitude
Module Description	The module explains the concepts on Arrangements in the given sequence or the order as per the given instructions and arriving at a logical conclusion		
Module Objective	The students should understand the basic notations and represent the data.		
Module Outcome	Students will skilfully predict the representation of data with respect to people and objects based on the conditions offered in a question. They will apply deduction skills along with analytical skills by referring to conditions.		
Reference books	1. "Logical Reasoning" by R.S.Aggarwal. 2. "Logical Reasoning for CAT" by Arun Sharma		
No of Hours	2 hours		

MODULES DESCRIPTION -4th SEMESTER

Verbal Aptitude - Syllabus

Module names	Everyday English I, II and III	Domain	Verbal Aptitude
Module Description	The module explains the concepts on using the language and the linguistic abilities in the real time scenarios, grammatical concepts will be covered so that student is very familiar on the concepts		
Module Objective	To equip students with relevant application of grammar that will vitalize their knowledge of application and usage in the module and skilful in identifying basic errors in a sentence. It will equip them in the knowledge to seek correct sentences.		
Module Outcome	To see higher ratio and higher proportion of apt application of pronouns and articles in a student's written and oral communication.		
Reference books	1. "English Grammar in Use" by Murphy. 2. "Grammar for IELTS" by Hopkins		
No of Hours	2 hours		

MODULES DESCRIPTION - 6th SEMESTER

Module name	Reading Comprehension	Domain	Verbal Aptitude
Module Description	The module explains the concepts of constructing meaning from text. The goal of all reading instruction is ultimately targeted at helping a reader comprehend text. The process of comprehending the decoding the given info is taught.		
Module Objective	Encourage fast reading among the students		
Module Outcome	Student will not only learn to understand concepts accurately but also the correct application of them.		
Reference books	1. "English Grammar in Use" by Murphy. 2. "Grammar for IELTS" by Hopkins		
No of Hours	2 hours		

Module name	Logical Reasoning and Verbal Ability	Domain	Verbal Reasoning
Module Description	The module explains the concepts on Logical Reasoning . It deals with the statements & conclusion where the conclusions are determined from the statements and we have to evaluate whether the conclusion is true or false based on the statements given. Statements and related conclusions are also derived from shapes. The module also discusses various types in syllogism such as Statements & arguments, statements & assumptions.		
Module Objective	To improve critical and logical thinking to reach to the answer. The conclusions, arguments, assumptions are drawn from conflicting statements, so one needs to have robust critical and logical thinking .		
Module Outcome	Students will learn how to logically answer a question by reading the statements and by deriving related conclusions.		
Reference books	1. "English Grammar in Use" by Murphy. 2. "Grammar for IELTS" by Hopkins		
No of Hours	2 hours		

Module name	Email and Letter Writing	Domain	Verbal
Module Description	This module focus on the basic steps of writing an email and the process of composing an email and drafting without any errors.		
Module Objective	Learn effective email writing techniques.		
Module Outcome	Students will draft email for real-time scenarios without any errors		
No of Hours	2 hours		

MODULES DESCRIPTION -4th SEMESTER

Soft Skills - Syllabus

Module name	Team Work	Domain	Soft Skills
Module Description	Distinguishes the difference between a group and a team. Examples of team building and the importance of trust as part of a group or team is covered. Building a team and stages of team development is discussed, the benefits of team work are also highlighted.		
Module Objective	To help the students understand the importance of team building in their college and a corporate environment, demonstrate the qualities of a good team player and adopt to the stages of team formation .		
Module Outcome	Students will be able to identify the difference between a group and a team . Understand the importance of team work in a corporate environment and they will be able to differentiate the stages of building a team and the factors that will affect team work.		
No of Hours	2 hours		

Module name	Time Management	Domain	Soft Skills
Module Description	Time management training most often begins with setting goals. These goals are recorded and may be broken down into a project, an action plan, or a simple task list. Activities are then rated based on urgency and importance, priorities assigned, and deadlines set.		
Module Objective	Learn effective time management skills to manage time more efficiently, including how to plan activities and get tasks done in a smarter manner, both at work and at home		
Module Outcome	Time Management is essentially the ability to organize and plan the time spent on activities in a day. The result of good time management is increased effectiveness and productivity. It is a key aspect of project management and involves skills such as planning, setting goals and prioritizing for a better performance.		
No of Hours	2 hours		

Module name	Book Review	Domain	Soft Skills
Module Description	The module teaches introduces them to writing the articles on a given topic and It also teaches them simple and complex steps on how to do a speaking review of a topic and the tools that a required to develop that skill. Encourage students to come up on stage and present or discuss in a group for a topic and speak against the same topic by changing the decisions. To ensure they have a partial know-how on presentation the students will be asked to deliver an extempore facing the audience.		

Module Objective	To allow students to express themselves more fluently and confidently on the lines of being professional and they would be taught on how to take sides and give their best.
Module Outcome	Students will be able to notice the improvements that they have showcased than compared to their previous presentations.
No of Hours	2 hours

MODULES DESCRIPTION -6th SEMESTER

Module name	Creativity and Decision making	Domain	Soft Skills
Module Description	This module focus on Mind Mapping Technique, Random Word Technique and Random Picture Technique and using all the tools to come to a conclusion.		
Module Objective	Learn the technique of Creating ideas and generating the same		
Module Outcome	Students will be able to take the right decisions with decision making matrix		
No of Hours	2 hours		

Module name	Tech Vocabulary	Domain	Soft Skills
Module Description	This module focus on usage of the technical words in English and the practical usage of the words		
Module Objective	Learn the technique of Creating words and generating the same using the technical knowledge		
Module Outcome	Students will be able to understand the practical usage of the technical words		
No of Hours	2 hours

MODULE COMPLETION REPORT- SEMESTER ANALYSIS

5. ATTENDANCE ANALYSIS

AIT, associated with Zestech for PRAGNYAN'18 is well aware about the importance of attendance. This is done as ZESTECH believes that any impact that we hope to achieve with regard to the modules, requires consistency in attending the classes.

Each module gets a dedicated time of about 120 minutes in AIT during PRAGNYAN'18 depending on the doubts and the assessments time. These modules are curated after a lot of discussion and research into the recruitment process. And the need to repeat modules (Aptitude and Verbal) in class is felt when we have not been able to reach all 55-60 in a class. This again takes time and effort both on our and the college's part. This is why the importance of attendance is stressed as frequently as possible.

Apart from this, soft skills modules boost the confidence of students and help them participate better in aptitude and verbal classes. They will interact without hesitation. So, all modules are equally important and are designed to develop the overall personality of the students along with learning.

PRAGNYAN'18 has been introduced to provide a foundation for the corporate entry where all the basics are taught in a step-wise manner and the students are given time to understand concepts thoroughly. So, when attendance dips for PRAGNYAN'18, it affects the fundamentals and the students might find it difficult to adapt to corporate life.

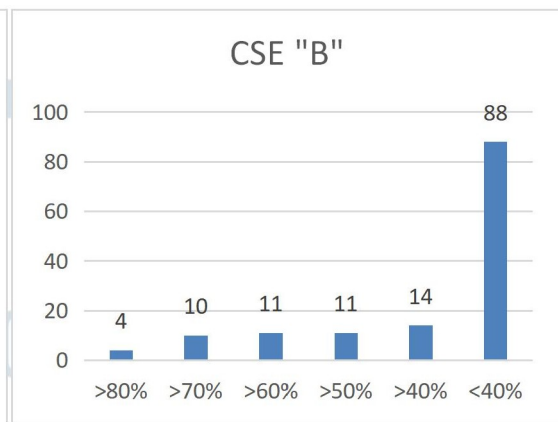

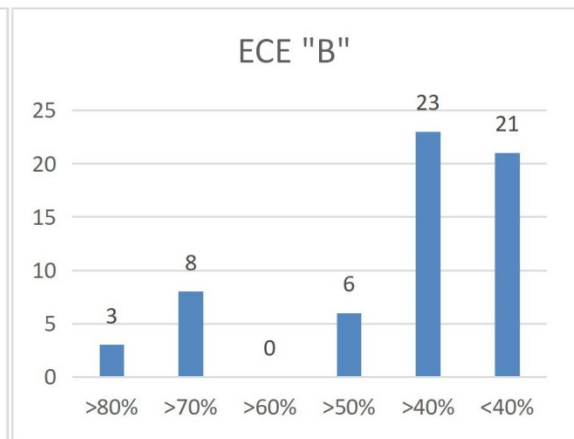

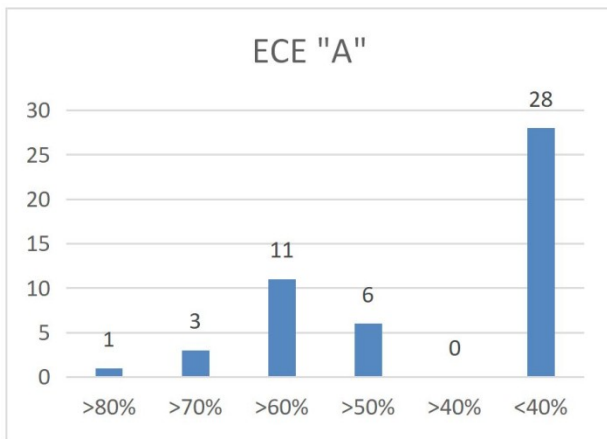

There are doubts clearing sessions every day as well, where the students can clarify their doubts regarding any module. This way there will be continuity in the modules and learning is ensured.

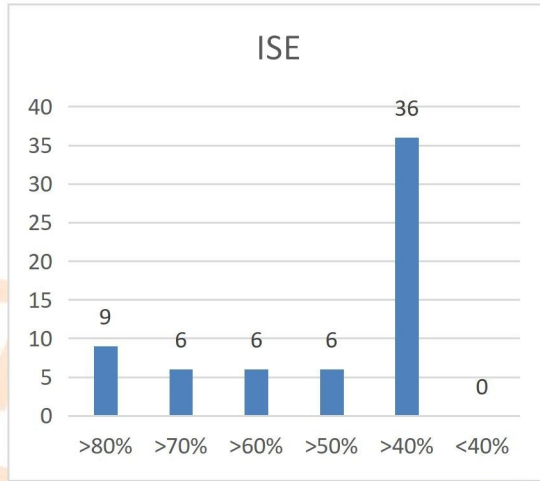

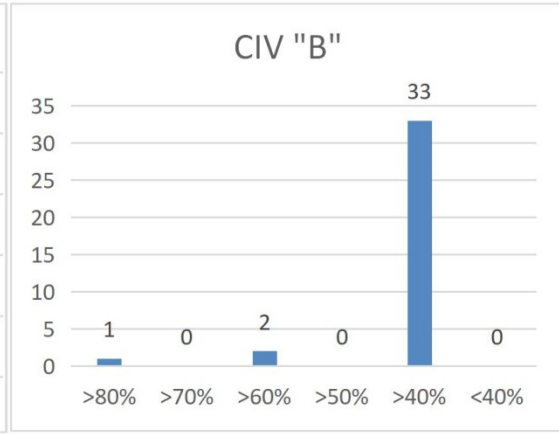

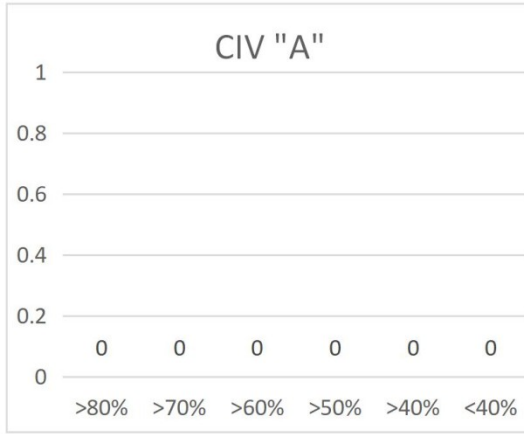

The overall attendance analysis and day wise attendance analysis is also shared in this report. This will help us to create rigor among the team to improve attendance in low lying classes and thereby achieving student enhancement.

6. EVALUATIONS – STUDENT PERFORMANCE TRACKING

Evaluations form a prime part in Pragnyan process. What is the need to train if the growth is not measured? It is always advisable and recommended to have a track on the path that the students are lead to. ZESTECH strongly believes in the fact that if the path is not tracked or if the path leads to a wrong, undesired direction then corrective measures are to be taken to alter it and bring the course right on target. Nevertheless, the module structure, design and delivery is not a flaw. But the growth measurement becomes an inevitable part in the Pragnyan process.

Measurement and evaluation of learning had its effect on the students. Feedback is essential for ZESTECH to know how the students of AIT are progressing, and evaluation is crucial to the learner's confidence too. There were excellent differences in the improvement of the students. The focus towards students' skill set improvement never stopped. Students can be switched off the whole idea of learning and development very quickly if they receive only negative critical test results. Always look for positives in negative results. Encourage and support - don't criticize without adding some positives, and certainly never focus on failure, or that's just what you'll produce. This is a much overlooked factor in all sorts of evaluation and testing, and since this element is not typically included within evaluation and assessment tools the point is emphasized point loud and clear here. ZESTECH overcame this long back by constantly seeking help from the Training & Placement Department of AIT to get it cleared once the gap is identified. The results and student development started to become an imperative part of AIT. Session Wise evaluations happened this year. The evaluation syllabus is prepared at regular intervals. The session wise evaluations at the end of every Quantitative Aptitude and Verbal Aptitude Sessions. The day wise evaluations happen at the end of the day with the previous day's syllabus as the evaluation modules.

7. **JANUS’18– TRAINER FEEDBACK ANALYSIS**

“Feedback is the breakfast of Champions”

It is inevitable to bring about a change in the students’ learning path. Only by improving the standards of training this can be achieved. The training standards are nevertheless improved by upgrading the modules for the training program. This confirms the realization only with the help of student feedback about the trainers and their views towards the module and the program.

FEEDBACK ANALYSIS

The analysis portrayed below gives a detailed outlook of trainers’ overall feedback percentage with respect to number of students surveyed. These are objective positioning right from understanding the concepts till usage of the same in their career.

Chart: C_{7.1}.

Chart: C_{7.2}.

Chart: C_{7.3}.

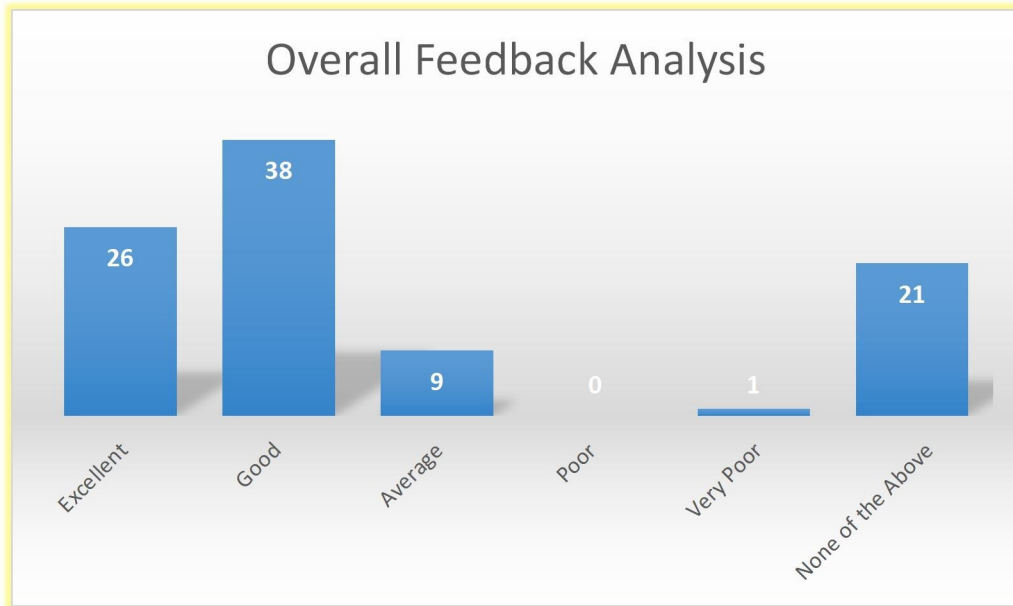

Chart: C_{7.4}.

8. DIFFICULTIES FACED BY STUDENTS

- Students felt that knowledgeable trainers have to be assigned since the trainer change issue was a challenge for the students to get adopted to the new trainer.
- Students felt more sessions of aptitude would help them to understand the concepts and to solve more questions.
- Students found it challenging to take the session wise assessment every Quantitative and Verbal Aptitude Sessions.
- The classroom seating arrangements were of some challenge in setting up group exercises for learning
- More practice evaluation is a challenge for the students to get on to competitive mode, Zlearn will help the students come out of that challenge having many assessments online.
- The awareness of computer based test is nil among the students and gives a lot of difficulty when they reach the placement process, this again is averted when the students start using Zlearn effectively.
- A comprehensive doubt clearing sessions could have helped the students give more clarity and seriousness about their career, this did not happen as the students had certain cultural programs during the weekend and also the fact that they have to leave for their college bus.

9. ISSUES FACED BY THE TRAINERS

The last TWO WEEKS had many absentees, this lead the trainers to feel incompleteness of
 No proper information to students was given regarding the batch or trainer change
 Strategy to bring students to realign is not taken to enhance student placement rate

10. ZESTECH INITIATIVES

A. ZLearn: The E- learning tool by ZESTECH makes the process of conducting tests hassle free and provide students with instant results. During Janus students utilized our tool to practice Q & A's for various placement drives/mock drives, and also made use of this tool during Practise test and Mock Tests. This also creates multiple platforms for the students to learn effectively.

B. Social Media Interaction: We at ZESTECH wanted to share information regarding latest tech trends and various information with respect to companies, so we decided to share this info in our official ZESTECH Facebook page so that the reach is very high, we also conducted few contests to keep students active and make use of social networking in a productive way.

C. Parent Calling: An amazing initiative to bring across a change in student mindset. The star performers are identified in every session. The details are procured and the respective parents are called to inform the same. This has evolved to a performance increase during the Janus sessions.

D. R& I Report: The ZR&I has come up with a comprehensive report which throws light on campus challenges in making the students industry ready. The report is so intense that it clearly shows the shortcomings from the students, campus as well as general behavioral issues both the sides. It is a

constructive report which will enhance the campuses to formulate strategies towards student enhancement.

E. Centre of Excellence (COE): A one stop solution for the students is set up across campuses for the students' skill enhancement to match the industry requirements. It is a centrifugal body where the students need, interests and coaching happens simultaneously thereby bringing Indian education system to an outcome based structure.

F. ZESTECH School of Learning (ZSOL): ZESTECH School of learning helps an individual to be industry ready for employment in any field. It also helps individuals to be an ace trainer/coach in the respective field and thereby getting employed in ZSol. The candidates have two choices, either to become a Perfect Personnel and become a trainer with ZSol or to become a Reliable Recruit and choose his/her own employment in the field and organization of choice.

11. PARENT INTERACTION – A DYNAMIC INITIATIVE

Why Is Parental Calling Initiated?

It is always important to encourage students to do better and work harder so that they excel in whatever they are doing and are motivated to keep doing well. We feel appreciating students is the best way to encourage them. This was one of the many reasons parental calling was introduced in the year 2016.

How Is It Done?

Two students are selected as the top performers of the class in every class conducted in all the campuses. Their details i.e. name, semester, branch and their parent's number is noted down and maintained in a dedicated document. The trainer or a representative from ZESTECH calls the parent and acknowledges their kid's response and involvement in the class. The parents are told to contact the HR department of the college in case of queries in future.

What Happens?

There is a very good chance that the students will try extra hard to do better when they know that they are being recognized. Also, along with recognition in a class of 60, when their parents are called and informed about their progress, they are also being acknowledged about it at home. There is always a sense of pride when your parents are appreciating you for your good work. This way the students stay motivated and their interest level never diminishes.

The parents feel that they are part of their child's college life and growth when they are informed about their progress. Since, placement training classes are being conducted so as to help the students improve their technical skills along with their overall personality to build a successful career; the parents are reassured regarding their child's progress and future when we call them.

I Am Professional Badges

We at ZESTECH want every student recognized and appreciated for the effort they put and want the students to be determined to achieve more. The top performers selected are handed over 'I am professional' badges in the class with a round of applause from all the students. The students are also asked to wear the badge to all the classes henceforth so that they are constantly reminded of what they are capable of and are motivated to stay on the same track.

Impact on Students

The impact this whole process has on the students is quite huge. The students are more confident and assured. The trainers also have told us that the students also open up and start being interactive in the class and don't hesitate to ask questions. This kind of encouragement can go a long way in boosting the confidence of the students and help them participate better in the sessions.

Positives of the Process

At the end of Pragnyan, we will have a list of all students who have been selected as the top performers from each class. So, this becomes our database to judge the students who have performed well, who have constantly shown improvement and have in some way benefited from the program.

It is also a huge help for us to have a rough picture as to how the batch will perform in the placement activities in college.

12. ACTION PLAN FOR UPCOMING PRAGNYAN

1. Seriousness towards assessment and to ensure more assessments happen the upcoming program
2. Disciplinary actions would be taken when the students don't follow the code of conduct laid by Training & Placement department
3. Making the classes more interesting by using audio and visual aid.
4. To conduct communication class, where the focus would be mainly on improving verbal ability of students.
5. New modules which deals with the overall development of the students in all domains
6. Integrating verbal and soft skills in the next Semester so that the development of the student is quick and be gauged easily.
7. More emphasis on technical sessions will happen during the upcoming semester
8. More interaction with HOD's and staff members' has to be initiated
9. Defaulters with regard to dress code, non-bringing of Pragnyan books will be tracked daily to curb that existence
10. Defaulters with regard to absenteeism will be tracked to curb the same in future
11. ZESTECH team of experts have come up with a series of Company Specific Training online which will be live from the coming semester
12. A designated Process Manager for AIT was appointed from this semester and continue the same for the upcoming semester too!

13. RESPONSIBILITIES OF TRAINERS

1. The whole team has put in efforts to make the training a success
2. Trainers were provided with checklist, with many components in it to do and to remind the students in the class.
3. A designated Process Manager from the training team was appointed to help run the training successfully.
4. CCT (Client Communication team) played an important role in communicating with the client. Any changes in the schedule was informed beforehand.
5. Intense check on the attire was initiated
6. Interact with HOD's to know the success of the ongoing training programme
7. Rapport building with the professors and HOD's was very crucial to know the campus better
8. Trainers shared the latest questions and information about placement to the students
9. Parent calling tracker was maintained, the best performer was appreciated. Parents of the students were called and appreciated
10. Motivated students to perform better and to come out of their shell.
11. The seriousness of HR Internal Assessments must be triggered by the trainers right from the first day of training.

**14. ANALYSIS OF STUDENTS IN TERMS OF DEVELOPMENT I.E.,
PRE AND POST TRAINING ANALYSIS**

Pre-Training	Post-Training
Most of the students were very reluctant to participate.	Conducted activities in class to help them come out of their comfort zone
Social presence of students was very limited	Many quizzes and competitions were started to improve their social media presence
Students were not following the HRD dress code	Students were informed about the importance of dressing professionally
Students speaking in English in campus was restricted to a few.	The students felt their level of speaking in English improved to quite an extent
Students' knowledge on current affairs was very limited	Trainer took an initiative to speak about current happenings before they start the class. Apart from that Knowledge Junction helped them to gather more information
Awareness on latest technology was limited	Introduction of Zlearn helped the students go on technology mode of learning
Logical Deduction among students was not up to the mark	Aptitude training sessions were designed to improve their logical deduction
Students were not confident on coming to the dais and speaking	Students were able to come up and speak to a certain level. But more to achieve.

ZLEARN
INNOVATION, GROWTH & VALUES

15. STUDENTS FEEDBACK TOWARDS TRAINING

“The quantitative aptitude sessions helped to learn a lot of concepts in a very few days. The assessments after the session helped us to understand where we stand.”

-- CSE

“Placement trainers conduct a lot of activities for us to learn and it is very good. I love it when the same happens next semester also.”

-- EEE

“More of these sessions are needed for us to learn a lot and implement the same.”

-- MECH

16. SUMMARY

Overall, Pragnyan learning events were well received by students who rated the experience as either good or excellent. The majority of participants reported an increased awareness in the modules they have learn.

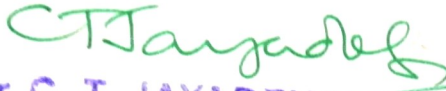

The evaluation process, which looked at students reaction, students learning, knowledge transfer and training impact, identified a number of improvements needed in order to better achieve stated objectives. These improvements refer to the training design, sustainability, and training focus.

Re-design current training material to ensure that clear and specific objectives guide the process, that a multi-year plan with realistic manageable goals are included in the training curriculum and that follow up support is provided throughout the training process.

Students appreciated the helpfulness and the delivery style of the trainers. Role plays and group discussions were found to be most useful to their learning as well. The training was effective in improving the student’s knowledge and awareness. From the feedback of the students, the training facilities/materials need to be improved (training room, course materials). And the students would appreciate if they could have more real-life examples and role plays during the training.

Having the opportunity to apply new skills mattered during the training period. Students reported being better able to apply what they learned had significantly higher gains, as well as higher levels of improvement in their performance. Learners who realized higher gains in motivation and engagement and future orientation reported higher levels of improvement in their performance.

We would like to thank all the people who helped us to finish the training program successfully.
